This Cookie Policy explains how DigiBeat (“Company,” “we,” “us,” or “our”) uses cookies and similar technologies to recognize you when you visit our websites at <https://www.digibeat.health> (“Websites”). It explains what these technologies are and why we use them, as well as your rights to control our use of them.

What are cookies?

Cookies are small data files that are placed on your computer or mobile device when you visit a website. Cookies are widely used by website owners in order to make their websites work, or to work more efficiently, as well as to provide reporting information.

Cookies set by the website owner (in this case, DigiBeat) are called “first-party cookies.” Cookies set by parties other than the website owner are called “third-party cookies.” Third-party cookies enable third-party features or functionality to be provided on or through the website (e.g., advertising, interactive content, and analytics). The parties that set these third-party cookies can recognize your computer both when it visits the website in

question and also when it visits certain other websites. We DO NOT use third party cookies.

Why do we use cookies?

We use first party cookies for several reasons. Some cookies are required for technical reasons in order for our Websites to operate, and we refer to these as “essential” or “strictly necessary” cookies. Other cookies also enable us to track and target the interests of our users to enhance the experience on our Online Properties. We only use the first party cookies that users allow us to extract with their browser settings.
